# Join Our Eco-Sensitive Whale Watching & Wildlife Adventure!

With St. Andrews' Most Experienced Captain! "There's No Substitute For Local Knowledge"

## Our Mission

Island Quest Marine strives to deliver a Bay of Fundy adventure that is highly educational and exciting, and at the same time fosters an environmentally sustainable product that offers respect for our marine wildlife and its habitat.

## Unique!

Island Quest Marine is a locally owned and operated family business; Captain Chris comes from a long line of fishermen and boat builders who have navigated the waters of the Bay of Fundy for generations. Growing up in a local fishing village, Chris, lured by a family tradition, spent years scalloping, lobstering and working in our traditional fishery, the herring weirs. After studying two years of boat building, Chris decided to change gears and head back to the Bay to share his extensive knowledge and love for the ocean aboard a v-hull he purchased and custom finished himself. Unique and authentic are the stories and demonstrations Chris and his crew will describe on your 2½ to 3 hour ultimate adventure.

## First Class

The 43ft. M/V Island Quest, custom built for whale watching, is certified to operate beyond inshore waters and can ensure **St. Andrews' highest sighting rate possible**. With inside and outside seating, magnificent 360° viewing from two spacious decks and a washroom, our cruises are suitable for all ages.

**"ISLAND QUEST MARINE ADHERES TO THE BAY OF FUNDY WHALE-WATCHERS CODE OF ETHICS"**
